About Erin and her dogs:

Erin is currently competing with Eyespy's Little Bird (Jinx), a 6-year-old Border Collie. They have competed in 3 NADAC Championships, placing 1st or 2nd in their division each time. Jinx has earned over 25 NADAC Championship titles as well as Master titles in AKC and Barn Hunt, with Ultimate Air Dock Diving as well as trick titles just to show their versatility.

Erin started her agility career with an English Shepherd mix named Lola. While Lola loved to play with Erin, agility was more of a "What's in it for me?" sport for Lola. Her success with Lola (NATCH-5) illustrates Erin's love of training and learning. The challenge of motivating Lola to enjoy and therefore succeed in agility inspired Erin to start teaching. Erin's newest challenge is starting a young mixed breed named "Vi".

As an instructor, Erin's background in Biology and animal behavior led her to some wonderful mentors. In 2020, COVID moved most of Erin's teaching to an online format and inspired the creation of the Batchelor Battle Dome School of Online Dog Training on Teachable. Check out her online classes there or the Facebook group of the same name.

But we will have her in person in April!
